

REPORT ANTI-SOCIAL BEHAVIOUR

‘There’s no point reporting anti-social behaviour to the Police because nothing ever happens’

We need to ensure that ALL incidents are reported so the Police cannot say they are not aware.

In future, if you witness such an event, please dial 101 and GET A CRIME NUMBER. Do NOT let the operator say there is no need – it is your RIGHT to report and get a crime number.

Then please contact us with details, such as incident (eg motorbike in South Park), date and time and the crime number. We will record all information and use it when we next have a meeting with the Police.
